From the President
Sy Weiss

GREAT, GREAT NEWS we have finalized our contract with AT&T which will start in 2016. Look for special meetings in the fall to help homeowners to understand and have all their questioned answered.

Let’s not forget summer is upon us and we have to keep our trash in a covered garbage to KEEP the unwanted out. Also, don’t forget to keep lollipop and/or carriage lights on as written in our documents. The rules state that they should be kept on from dust to dawn. These lights really affect the visibility on our streets and is for the safety of all.

Last let’s not forget Poop Pick Up! Our men work in the grass and they do not need to carry around the extra smell or dirt. We have seen some owners walking their dogs off the leash. Again, it’s in our documents that all dogs must be leashed outside for a reason – the safety of all, including that dog. It is also FLORIDA STATE LAW that owners leash their dogs and pick up after them. FINES IN THE AMOUNT OF 200 DOLLARS can be given out by Code Enforcement.

Sy

APRIL ASSOCIATION MEETING

The following is a synopsis of the salient points addressed at the Board Meeting. This is by no means an approved or complete copy of the minutes - these will be published to our website after the next Board meeting in May. Since there is a minimal number of people who attend the meetings, here are some issues that have an impact on all members of our community.

- Pat Lazaroff reported that the contracts for renovating the "C" Building have not yet been finalized. Diane Weiss reported that the last show on April 8th was the final show of the season. Approximately 234 people enjoyed the Fabulons. The box office will reopen in September for ticket sales to the Rec Assn annual Halloween function.
- President Weiss read a copy of a letter that was sent to AT&T by our attorney negotiating the proposed new contract switching television service from Comcast to AT&T. Briefly, this letter contradicts the outlandish demands AT&T proposes which put Delray Villas Plat 4/5 at fault where sub contractors liability is concerned. President Weiss then reported he spoke with an AT&T representative by phone earlier, telling that person that we will walk away and cancel the contract. This afternoon, our counsel contacted him and said that AT&T has agreed to change their contract demands. Board members will meet with our attorney to review the changes. This matter needs to reach conclusion so work can commence to make the transition from Comcast without any costly delay.
- Work to resolve an asphalt problem on LaSalle Dr. and the 20% deposit proposal is still ongoing and will be further discussed at the May meeting.

ARCHITECTURAL
FOLLOW THE RULES

If you plan to do ANY outside work on your house or property, be sure to get architectural approval first !!!
Pick up an application from my patio (13675 Whippet Way West) fill it out - sign it - return it to my patio.
Once the request has been approved, I will call you to pick up the approval which then needs to be placed in the front window of your house.

ANY QUESTIONS
Call Iris Pavey 498-1375
Architectural Chairman

CITIZEN OBSERVER PATROL

Life Saving Information
Vial of Life & Yellow Dot

In the event of an emergency can you remember all of your doctors, their telephone numbers, your medications and their strength and frequency? I know I can’t. But maybe this can help..

Vial of Life

Vial of Life is a form that you can fill out that provides emergency providers with information about you, your medical history, and your doctors’ telephone numbers and medications, dosage and frequency. After filling out the information, put it into a baggie with a Vial of Life Decal on it and put it on your refrigerator door. Then you place a Vial of Life Decal on your front door. In the event of an emergency, responders can get your medical information and that may save your life. To obtain a form and decals go on your computer to Vialoflife.com

Yellow Dot

The “Yellow Dot” program is the Vial of Life for your car. It gives information to emergency responders quickly that can save your life. You fill information on the form and put it in the glove box. Then you place a yellow dot sticker on the driver side rear window. You can get a form and the yellow dot decal by contacting Carol Michalic 270-7211.

**Delray Book Club**

The Book Club meets on the first Monday of every month at 1-2 PM in the Ceramics Room of the “B” Building. Books will be available at the Hagan Ranch Library. You must ask for the book by its title. Below is the 2015 list by month for discussion:

- May - *The Madonnas of Leningrad* by Debra Dean
- June - *Saving Cee Cee Hunicutt* by Beth Hoffman
- July - *Guide for the Perplexed* by Darah Horn
- August - *The Night Circus* by Erin Morgenstern
- Sept. - *The Shadow of the Wind* by Carlos Ruiz Zafra
- Oct. - *Snow Flower and the Secret Fan* by Amy Tan
- Nov. - *The Memory Keeper's Daughter* by Kim Edwards
- December - *People of the Book* by Geraldine Brooks

If you have any questions, contact Leslie Boardman at boardlesli@gmail.com or by telephone: 561-808-7600 or 215-208-3652.

**Scrabble Club**

meets every Monday and Thursday from 2-4:30 PM in “B” Building. You do not have to own or bring a Scrabble board to play along.

Need information? Please contact Dennis Michalic 270-7211

At the suggestion of one of our fellow Plat 4/5ers, and so that you may keep track and update your telephone/address book, we are adding the names of former homeowners to the addresses of new neighbors. Hope this helps!

Words of Wisdom

Here are some words to contemplate. They truly are worth repeating even if we have heard them before.

Do not go where the path may lead, go instead where there is no path and leave a trail.
Ralph Waldo Emerson

For beautiful eyes, look for the good in others; for beautiful lips, speak only words of kindness; and for poise, walk with the knowledge that you are never alone.

~ Audrey Hepburn ~
May 4, 1929 - January 20, 1993

Get Well Wishes

If someone you know in Plat 4/5 is in need of some “hugs” from the community, please notify me, Linda Solomon so that we may add that person to our Get Well list.

For all of those people who have appeared in this column in previous months, we wish you continued good health!
I went into the drunk tank 22 years ago today. Well, actually that’s not quite true. At least it won’t be by the time you’re reading this. I’m writing this column on April 15, and I went into the drunk tank on April 15, 1993. I guess I’m not being politically correct, though. I should be saying rehabilitation hospital. I like drunk tank better.

You probably know I used to work for the Brockton Enterprise in Massachusetts. I’ve told you that before. And you also probably know that I covered the courts a long time. Like I said, the time I want to tell you about was April 15, income tax day, 1993. For years previous to that, my tax returns went into the mail exactly on the April 15 deadline. This particular year, I filed early. I don’t know why. No reason. Probably Karma or something like that.

That afternoon and several drinks later, I was due to cover a motions hearing of a well-known, female Brockton realtor who was accused of heading a drug ring. I sat in the jury box, pulled out my trusty reporter’s notebook, clicked open a ball-point pen and sat poised to take notes. An hour and a half later, I glanced down at my notebook. I hadn’t written a damn thing.

I left the courtroom and went straight to a pay phone on the wall. I called a hospital, made a reservation and then called my boss to say I wouldn’t be back from court. The woman I made the reservation with on the phone, told me to drink normally between then and my arrival, they didn’t want me showing up with the DTs. She said they’d have a bed ready for me at 6:30. I asked if she could make that 7:30. She laughed and said OK. Then she made me promise to get a ride, not to drive to the hospital myself.

I went back to the Genova. Meredith had left, but there was this other woman I often drank with, Mary. I asked Mary if she’d drive me to the rehab hospital in my car and then return it to Brockton. She said sure. We had several drinks and left.

Mary was involved in an accident on the way back to Brockton. Get this, a drunk driver smashed into her. Fortunately no one was injured. The drunk was charged to Brockton. Get this, a drunk driver smashed into her.

About 10 months later, I submitted a story for The Enterprise about my battle with the bottle and how I beat it. My boss said he liked the story, but questioned its timing. He wondered if 10 months was too soon to declare victory. I told him I wasn’t going back to being a drunk and I haven’t.
Captain Calise, Palm Beach County Sheriff’s Office just returned from several weeks training at the FBI Academy. He told us that scam calls claiming to be from the IRS or Sheriff’s Office are being made. The calls threaten to arrest the person called if payment is not made, sometimes within the hour. This type of call will never be made by anyone in the IRS or Sheriff’s Office. There has been a rash of entries into homes by smashing the locks. A current scam is burglar alarm companies will install alarm systems but not activate them. They therefore know no alarm will go off when they enter the home. The captain suggested hiding valuables in places other than the obvious, which are top dresser drawers, under a mattress, etc. He also told us the new sub-station at the site of the old public library on West Atlantic Ave is now operational.

Fire/Rescue Battalion Chief Rich Ellis told us the department recently held urban search and rescue drills for Fire/Rescue personnel from a wide area. They will have a course on what we should do when coming up on a Fire/Rescue vehicle in front of, on the side of or behind us on the road. More Fire/Rescue personnel are killed driving to or from a scene than from any other cause.

Scott Solkoff from Solokoff Legal told us that in most situations family members cannot help us in a crisis without proper legal planning. Among the areas of concern is a Long Term Health Plan including provisions for decision making when we can no longer make these decisions for ourselves. Another is a Durable Power of Attorney designating whom we trust to make decisions regarding financial and certain other important matters. A Will ensures our assets will go to those people whom we wish to leave something.

Our Featured speaker was Rebecca Caldwell, Executive Director of the Palm Beach County Planning, Zoning and Building Department. This department is comprised of six divisions with 260 employees. It provides expertise for the planning and regulation of land development and construction in client provision of facilities and services, prevent the overcrowding of land and facilitate the adequate and efficient provision of transportation, water, sewage, drainage, solid waste, parks, schools, and fire and police facilities. The plan provides a framework for land use and changes of land use and mechanisms and standards through which changes can occur. During fiscal 2014, the Building Division issued over 62,000 permits for construction valued at over one billion dollars. Also, the division performed over 131,000 inspections on permitted construction projects. The purpose of the Contractors Certification Division is to regulate contractors doing work in Palm Beach County. This division ensures contractors have the technical skills and business stability and knowledge to perform the work they are hired for. Some of the 49 trades are; General Contractor, Electrical, Plumbing, Roofing, Drywall, Painting and Swimming Pool Construction. Some of the warning signs that a tradesman is not properly licensed and vetted are; ads not including a license number, a large down payment requested before work is begun and stating that it would be cheaper if the homeowner obtains the permit. Anyone hiring a contractor should ask to see the license, certificate of liability and workers compensation insurance. Among the responsibilities of the Palm Beach Construction Industries Licensing Board are; levying fines and suspending or revoking a contractor’s certification for a violation of a rule or regulation. More information about the Palm Beach County Planning, Zoning and Building Department can be found at PBCGOV.COM/PZB.

For me this was especially true as I grew up in the Midwest where my mother’s family had farmed all the way back to my great great grandparents, also German immigrants. My grandmother had six children, only five of them surviving, and all of them went different ways in life. Only one of them chose to remain in the small town where I spent a good part of my life and she chose to marry a farmer. Imagine my surprise when reading this book to come across the name of my family’s town in the chapter where Frank is taking the train to Chicago and passing through the town of my childhood. In fact, he is taking the same train I used to take from northern Illinois downstate to visit my grandparents. So for me, this book has special meaning as it captures the pace of farm life and the hardships of gambling on farming as a way of life. For some the pace will be too slow and it will feel like ‘nothing is happening’ but isn’t that like life sometimes as the years go by and families grow and change? The changes can be subtle within families at times even though the outside (continued from page 7, 2nd column)

HOLIDAY GREETINGS REMINDER

It’s not too late! If you would like to be part of the Holiday Greetings of 2015. Even if you missed April, there will be two more times: September (Jewish High Holidays) and December (Christmas and Chanukah). On the bottom of the last page of this issue is the form to be returned to us. It includes a space for you to write your name(s) exactly as you would like it to appear in the holiday greetings, i.e. “Joe and Jane Smith” or “John Doe and Jane Jones.” Please submit before August 15 along with $3.00 to be included in the remaining two issues. Thank you.

Attention: Veterans and Surviving Spouses

Many veterans and surviving spouses are in need of assistance at home with activities of daily living such as bathing, dressing, eating, ambulation and personal hygiene. Sadly enough, so many of these individuals simply can’t afford the help needed to stay safe and independent at home.

The “good news” is they may be eligible for a special pension from the Veteran’s Administration. The Veterans Aide & Attendance Pension will pay for in home assistance for those who qualify.

This special Pension is the VA’s best kept secret

Horizon Nursing Services works with experts who can provide advice and assistance with your application for this special benefit.

If you would like to learn more about qualifying and applying for the Veteran’s Aid & Attendance Special Pension, please call us at:
